Student Web Developer - Team Assistance (20h) (m/f/d)

Part-time

Hamburg / Freiburg (Germany) or remote

Do you want to kickstart your career and to do something meaningful about climate change at the same time? We are looking for a dynamic student web developer assistant to join our team.

Support our team of climate change professionals to do better every day and push the company's ever-changing IT infrastructure to the next level. At Perspectives, you will be part of the solution. We provide globally leading research and consultancy services on international carbon markets and climate policy. We are a group of companies located in Freiburg (Germany), Hamburg (Germany) and Valencia (Spain) - plus local representations in Austria, Switzerland, Italy, and Finland. Our international team consults the private and public sectors all over the world. We are globally recognised for our outstanding contributions to establishing and advancing international carbon markets, including innovative mechanisms introduced under the United Nations Framework Convention on Climate Change (UNFCCC), Voluntary Carbon Market (VCM), and others.

YOUR ROLE IN SHORT

You will be assisting with website builds, implementing new design features, and working to ensure that the underlying structure of our websites are correct. You will be taking direction from our Business Development and Marketing Team and assisting with all aspects of website design. To ensure success as a student web developer, you need to possess excellent website design skills and meticulous attention to detail. As a student support, you will be focused also on the day-to-day technical support of our team in all matters related to the software and hardware issues. This position provides the opportunity for a student to work alongside our Management and Marketing Teams to support and implement our digital strategies to create new web pages and maintain web content. You will also be responsible for general website support and keep an eye out on industry changes.

WE OFFER...

...an exciting possibility to help mitigate climate change. You will get the opportunity to be part of a growing international team - a highly motivated group of young and experienced professionals sharing a joint vision of a greener future and a lot of positive spirits - bringing in own ideas and concepts for lean implementation, and efficient and trouble-free use of digital technologies.

You will work in a flexible environment with Perspectives offering a lot of amenities – such as flexible working hours and the option to work from home.

Work location: Perspectives' offices in Hamburg/Pinneberg or Freiburg; or (partly) remote (home-office).

At least 50% position for 12 months - 36 months, depending on competence profile.

Start date is planned for February 2023. Deviating timelines can be discussed in the job interview.

Attractive remuneration.

A **valid EU work permit** is a prerequisite for this position.

Perspectives is an equal opportunity employer and thus encourages male, female and other applications.

YOUR RESPONSIBILITIES

- Develop and maintain the company's IT infrastructure, including websites, servers, and network o Administer all our company tools and accounts
- Automate IT and business processes
- Harden our IT security
- Help your colleagues with resolving their IT issues
- Support teams with streamlining their workflows by deploying new IT tools

YOUR PROFILE

- At least high school Graduate and must be enrolled at university in related area; and / or equivalent training.
- Advanced knowledge of MS-Teams, WordPress and Elementor is a prerequisite for this position
- Advanced knowledge of server and network administration
- Broad familiarity with both Windows and macOS
- Experience with Adobe Illustrator and Photoshop
- Intermediate knowledge of any scripting language is considered a plus
- Programming experience is considered a plus
- Proven ability to work autonomously, take the initiative and push things forward
- Excellent organizational skills and problem-solving skills
- Proficient in communicating clearly and effectively verbally and in writing
- Full working proficiency in English is a must, French, Spanish and German are considered a plus
