Assistant - Climate change adaptation (m/f/d) Part-time

Hamburg / Freiburg (Germany) or remote

Contribute to the growth of our private sector services in climate and sustainability consulting.

Perspectives is looking for a highly motivated, analytical and flexible student assistant with a strong dedication to working in international research and consulting on adaptation to climate change to support our adaptation experts in projects and business development.

We provide globally leading research and consultancy services on international carbon markets and climate policy. We are a group of companies located in Freiburg (Germany), Hamburg (Germany) and Valencia (Spain) - plus local representations in Austria, Switzerland, Italy, and Finland. Our international team consults the private and public sectors all over the world. We are internationally recognized for our outstanding contributions to establishing and advancing international carbon markets, including innovative mechanisms introduced under the United Nations Framework Convention on Climate Change (UNFCCC).

YOUR ROLE IN SHORT

An inspiring opportunity to actively contribute to the success of our projects and grow your project management skills. You will develop your understanding of innovative ways to scale up the implementation of effective adaptation actions worldwide. Through frequent interaction with our international team based in Hamburg (Germany), Freiburg (Germany) and Valencia (Spain) you will develop your multicultural communication and coordination abilities.

WE OFFER...

...an exciting possibility to help mitigate climate change. You will get the opportunity to be part of a growing international team - a highly motivated group of young and experienced professionals sharing a joint vision of a greener future and a lot of positive spirits - bringing in own ideas and concepts for lean implementation, and efficient and trouble-free use of digital technologies.

You will work in a flexible environment with Perspectives offering a lot of amenities – such as flexible working hours and the option to work from home.

Working hours: 15-20 hours a week

Start date is as soon as possible. Deviating timelines can be discussed in the job interview.

Attractive remuneration.

A **valid EU work permit** is a prerequisite for this position.

Perspectives is an equal opportunity employer and thus encourages male, female and other applications.

YOUR RESPONSIBILITIES

- Research and analysis of information and data from authoritative sources for studies and advisory services, particularly from adaptation projects in different sectors and countries;
- Support our consultants in their project management, particularly for our adaptation-related projects
- Elaboration of Excel-based calculations and Power Point presentations;
- Support to organizational, administrative, outreach and marketing tasks;
- Contributions to business development tasks (e.g. proposal development).T security

YOUR PROFILE

- Dedicated and motivated young professional who cares about climate change, enthusiastic about developing new ideas and projects and about taking responsibility within a team of highly motivated experts.
- Master student in environment and/or policy related study track (Enrollment at a university is a prerequisite);
- Strong analytical skills and a passion to express ideas in writing;
- Detail-oriented and committed to deliver high-quality outputs;
- Desire to work on sustainable development and climate change topics;
- High motivation for in-depth analysis and evaluation of adaptation projects;
- Ability to deal with ad-hoc requests in limited time and under pressure;
- Enjoy working autonomously as well as within an international team and to proactively communicate with colleagues;
- Proficient user of Microsoft Excel, Power Point and Word;
- Working proficiency in English is a must; French and/or Spanish and/or German writing and speaking skills are considered a plus;
